- **\$100.00** –Will you be attending any NHRA Races during October through the end of the season? Then this is for you.....Make a \$100.00 donation and take a ride in Terry McMillen's Tow Vehicle during one of the Qualifying sessions. This will put you down on the track, in the staging lanes and then at the finish line to tow the vehicle back to the pits after Terry completes his run!
This will be an "at the track" program and there will be limited spaces per qualifying segments, so we suggest you make Terry McMillen's pit your first stop when you arrive at the track so you can have the experience of a lifetime with Terry & The Crew!
